

The Education Preparation Program Newsletter for May 2022
AKA

The Newby Hall News

If it's May at Hanover College, it must be Spring Term!

Dr. Bailey's EDU 310/EDU 312 course group will return this weekend after traveling to Philadelphia, New York City, and beyond! This course fulfills the urban education requirement for Program certification. We look forward to hearing all about it – and we want MORE photos!!

Dr. Hanson is teaching a special topics course on “Principles of Brain Based Learning”

Pi Lambda Theta is one of the nation’s most prestigious education honor societies and having it on your résumé gets the attention of employers. Membership also provides an opportunity for you to stand out from the crowd at graduation with gold honor cords and other regalia. The best part? If you’re planning to pursue a career in education and have a cumulative GPA of 3.50 or above, you’ve already earned it. All you have to do is fill out the membership form. It’s that easy.

Professional Educator Induction Ceremony to Honor Seniors
Thursday, May 26, 6:30 PM
Horner Center – Room 102

The Education Department will honor its departmental majors and program completers. All Education students are welcome to come congratulate the seniors. Refreshments will be provided by HCEA, and the group will present the recipient of the Vision Award!

Induction Program at 6:30 in Horner 102 – ***seniors are to wear cap and gowns*** and will receive their honor cord for Commencement. The 2022 group picture will be taken at the end of the ceremony, followed by refreshments in Newby Hall.

**Indicates December 2021 graduates*

Education Majors

AmaRae Campbell – Elementary Education Major
Noah Herdman – Secondary Education Major
Jessica Rift – Education Studies Major

The COACH For Education Mentoring Program aims to connect rising juniors in the Education department with alumni mentors in relation to their interests and experience in the Education department or industry. For students, the program will:

- match junior teacher candidates in the Education department with a Hanover alum based on answers to the Student Information Form
- provide key topics to discuss with an alumni mentor during their undergraduate college years
- provide a mentor who can provide guidance to move you forward in Hanover's Educator Preparation Program and into your post-graduation job placement
- offer an opportunity for 'real talk' with someone who is not a parent, counselor, or professor

For Education alumni mentors, the program will:

- reconnect you with Hanover College
- match you with a rising junior in the Education department based on your answers to the Alumni Information Form
- allow you to connect and share stories, expertise, and knowledge to students who are looking for guidance
- assist you to identify or enhance a skill set or style that may be beneficial in other areas of your personal or professional life
- aid in learning more about Generation Z - who could be your own children, coworkers, neighbors, or future doctors
- help you find joy in helping another who may not have access to the resources you had or have in your life

The **COACH For Education** intends to give opportunities for students and alumni to develop meaningful, lasting connections. What you will not see in the COACH For Education is a lot of requirements. A central thought for this program was accessibility. For the program to be equitable for any sophomore to participate, the program needs to allow flexibility, customization, and ownership of the mentorship between mentee and mentor. For alumni mentoring, experience is not needed - but interest is!

Join the Coach for Education Mentoring Program today. Your match is waiting!
