

## Measure 2: Indicators of Teaching Effectiveness (Component 4.2)

### State Provided Data on Teacher Effectiveness

Indiana’s principals evaluate their teachers on an annual basis. The Indiana Department of Education (IDOE) provides Indiana EPPs with the data compiled during these annual teacher evaluations on completers with one, two, and three years post completion. Data is collected and sent to the EPP in September of each year.

*\*Data is not reported if there are less than 10 completers evaluated.*

The Indiana RISE teacher evaluation is one option school corporations can use to evaluate their teachers’ effectiveness. The RISE Evaluation Handbook provides a thorough explanation of how teachers are evaluated according to four domains. These are: Domain 1: Planning Domain 2: Instruction, Domain 3: Leadership, and Domain 4: Professionalism. The data for these evaluation on all completers for an EPP is also reported to the institution. Teachers from Hanover College who were not rated by their principals are not included in the percentage tallies for Effective and Highly Effective.

Please refer to: <https://www.doe.in.gov/evaluations> for information and data for the Indiana teacher evaluations.
