II. CHECK THE APPROPRIATE ITEM IN THE STATEMENTS BELOW AND COMMENT IF YOU WISH:

Compared with other courses of equal credit I am taking this term, this course is:

more difficult about equally difficult less difficult

This course has helped me in one (or more) of the following ways:

given me factual information I did not have before
 enabled me to develop some practical skills
 enabled me to develop some skills of conceptual analysis
 enabled me to make better judgements on issues related to this course

As a result of taking this course, my interest in this area of the college curriculum:

has decreased remains about the same has increased

As far as this course is concerned: I would recommend it to other students
 I would not recommend it to other students

If my schedule permitted and if the instructor were teaching a course in a subject in which I have an interest

I would take another course from this instructor
 I would not take another course from this instructor
